RE: March 9, 2011 letter

Highland Oaks RV Resort WWTP  
FLA 014316

Mr. Kleinmann

Their was no Residuals Annual Summary submitted for 2010, because there was no land applications done. All sludge was hauled by Blue Environmental, to their facility.

I hope this clears the problem, but please let me know if I need to submit this letter every year, even though we are not land applying to any sites.

Sincerely,

David Ekberg  
Owner
