RE: Annual Residual Summery Report

Riverside Retreat Permit # FLA014294 is a Waste Water Treatment Facility that Karle Enviro-Organic Recycling, Inc. has under contract. The biosolids from this WWTP are currently being dewatered at our facility and their sludge is disposed in a Class I or II solid waste landfill. This WWTP's will not be turning in an Annual Residual Summery Report due to the changed process they are no longer required to submit these reports to the FDEP. **The above plant was not hauled for the reporting year of 2010.**

If you have any questions please call me at 239-693-6600 or 239-707-0555.

Sincerely,
