Clean Waterways Act Stormwater Technical Advisory Committee Meeting 2

This is the second meeting of the Stormwater Rulemaking Technical Advisory Committee (TAC) convened by the Department of Environmental Protection (DEP). This TAC was established to provide public input to DEP, and Florida's water management districts (WMDs), on updating the current stormwater design and operation regulations under Part IV, Chapter 373, Florida Statutes. These rule updates will utilize the latest scientific information, as directed by Florida's Clean Waterways Act, Section 5, Chapter 2020-150, Laws of Florida.

The TAC meetings are open to the public. To ensure safe public participation, while adhering to COVID-19 social distancing requirements, DEP is hosting this public meeting via webinar. Interested parties should register for the webinar at the following link:
