RE: Meeting Discussion on Plant Crist and Scholz 316b Timelines

Dear Mr. Hubbard:

We are now just getting back to normal from hurricane Ivan. Thank you for your assistance during this storm event. Prior to the storm we had a meeting in your offices on September 10, 2004. During this meeting I requested clarification on the deadline for submitting the comprehensive demonstration studies (CDS) at the two above referenced sites, if required. Based on our discussions it is my understanding that our CDS will be submitted at permit renewal. We are in the "group two" sites list on the attached figure provided by your office. We are basing our budgeting and site planning on the date that was provided to us. I would appreciate you confirming these dates so we can ensure that our planning is on track.

Thanks again for your help during the storm. If you have any questions regarding this matter, please feel free to give me a call at (850) 444-6573 or e-mail me at rmmarkey@southerco.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Markey".

Richard "Mike" Markey
Water Programs Supervisor
