Latrincy Whithurst:

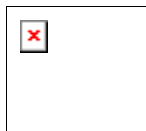

Greetings! I just left you a voice mail related to your below request. Attached are shapefiles pertaining to Polk County Utilities' Service Area Boundaries. These service area boundaries generally describe areas where we have water and wastewater services and all these files must be kept together (count 7) in order to work properly...County Service Area boundaries may or may not overlap with municipal boundaries when you receive their shapefiles.

Upon completion of your map state map showing all areas that are connected to county and/or city sewer systems, we would greatly appreciate a copy of your final product.

Should you require additional information regarding this request, please advise at your convenience.

Sincerely,

**Polk County Utilities
Technical Services Division**

Good Afternoon,

The Property Appraiser's Office does not have the information that you are requesting. Any data that we have available can be obtained via our website (www.polkpa.org) or our FTP site ([ftp.polkpa.org](ftp://ftp.polkpa.org)).

I believe that the Board of County Commissioners (BoCC) – specifically, the GIS and/or Planning departments may be helpful in obtaining the information you need. Please note that Carl Metz, no longer works for the BoCC IT/GIS Department. You should contact Gary Powell who now oversees GIS. His phone number is 863-534-7520 and I am cc'ing him on this e-mail.

Hello

7/31/2008

I am not sure who I need to contact, however, my name is Latrincy Whitehurst and I work with Florida Department of Environmental Protection out of Tallahassee, FL. I am in the process of creating a map for the state of showing all areas that are connected to county and/or city sewer. However I have to collect data from both the county and city level. If at all possible I need to get GIS shapefiles or CAD files of the city sewer coverage areas to include in this map. If you can help me with this information please either email me back or contact me at the phone number below. Otherwise could you direct me to someone who you think could help me?

Thanks
