Mr. Whitehurst,

In regard to your request, please contact Daniel Barber at 772-223-7982. He is a GIS Specialist with the Martin County Utilities & Solid Waste department and should be able to assist you. Please ask him about the private utility companies in Martin County as well, since Martin County Utilities & Solid Waste does not serve the entire county. The City of Stuart ([www.cityofstuart.com](http://www.cityofstuart.com)) may also have its own utilities department.

If I can help in any other way, please let me know. Thank you.

John Watterson, GISP  
GIS Specialist  
Martin County Property Appraiser's office

Hello

I am not sure who I need to contact, however, my name is Latrincy Whitehurst and I work with Florida Department of Environmental Protection out of Tallahassee, FL. I am in the process of creating a map for the state of showing all areas that are connected to county and/or city sewer. However I have to collect data from both the county and city level. If at all possible I need to get GIS shapefiles or CAD files of the city sewer coverage areas to include in this map. If you can help me with this information please either email me back or contact me at the phone number below. Otherwise could you direct me to someone who you think could help me?

Thanks

Latrincy Whitehurst , M.S.
