Good Afternoon,

The Property Appraiser's Office does not have the information that you are requesting. Any data that we have available can be obtained via our website (www.polkpa.org) or our FTP site ([ftp.polkpa.org](ftp://polkpa.org)).

I believe that the Board of County Commissioners (BoCC) – specifically, the GIS and/or Planning departments may be helpful in obtaining the information you need. Please note that Carl Metz, no longer works for the BoCC IT/GIS Department. You should contact Gary Powell who now oversees GIS. His phone number is 863-534-7520 and I am cc'ing him on this e-mail.

Subject: WASTEWATER TREATMENT SERVICE AREAS

Hello

I am not sure who I need to contact, however, my name is Latrincy Whitehurst and I work with Florida Department of Environmental Protection out of Tallahassee, FL. I am in the process of creating a map for the state of showing all areas that are connected to county and/or city sewer. However I have to collect data from both the county and city level. If at all possible I need to get GIS shapefiles or CAD files of the city sewer coverage areas to include in this map. If you can help me with this information please either

email me back or contact me at the phone number below. Otherwise could you direct me to someone who you think could help me?

Thanks
