Please find attached a Zip file containing 3 shapefiles that hopefully will help.
 Included are shapefiles of our Force Mains, Gravity Mains & the Martin County Utilities Service Boundary.

You'll also need to contact the City of Stuart, City of Indiantown & City of Jupiter to get this information for the rest of Martin County:

<http://www.jupiter.fl.us/Water/Contact-Us.cfm>

The City of Indiantown has no GIS Information to my knowledge, they can be contacted at 772-597-2104 for more information.

Hello

I am not sure who I need to contact, however, my name is Latrincy Whitehurst and I work with Florida Department of Environmental Protection out of Tallahassee, FL. I am in the process of creating a map for the state of showing all areas that are connected to county and/or city sewer. However I have to collect data from both the county and city level. If at all possible I need to get GIS shapefiles or CAD files of the city sewer coverage areas to include in this map. If you can help me with this information please either email me back or contact me at the phone number below. Otherwise could you direct me to someone who you think could help me?

Thanks
