

APPENDIX 10.1

COORDINATION

10.1 Coordination

State, regional, and local agencies and entities have been contacted by the Duke Energy Florida, Inc. (DEF), Project team members to discuss the Project, answer questions, and solicit input. Through these contacts, the DEF Project team received agency input on applicable regulatory requirements, technical approaches for licensing, and key issues or concerns that needed to be addressed in the Project planning and in this Citrus Combined Cycle Site Certification Application (SCA). The following table provides a summary of the governmental agencies and individuals with whom DEF has met during the planning and preparation of this SCA.
