Important Notices to Applicant Before Signing Application

The Department Reserves The Right To Change Traffic Features And Devices In Right Of Way At Any Time

Proposed traffic control features and devices in the right of way, such as median openings and other traffic control devices, are not part of the connection(s) to be authorized by a connection permit. The Department reserves the right to change these features and devices in the future in order to promote safety in the right of way or efficient traffic operations on the highway. Expenditure by the applicant of monies for installation or maintenance of such features or devices shall not create any interest in the maintenance of such features or devices.

Significant Changes In Property Use Must Undergo Further Review

If an access permit is issued to you it will state the terms and conditions for its use. Significant changes in the use as defined in Section 335.182(3), Florida Statutes, of the permitted access not consistent with the terms and conditions listed on the permit may be considered a violation of the permit.

All Information I Give Is Accurate

I certify that I am familiar with the information contained in this application and that to the best of my knowledge and belief, such information is true, complete and accurate.

Starting Work On The Driveway Connection After I Get My Permit Means I Accept All the Conditions In My Permit

I will not begin work on the connection until I receive my Permit and I understand all the conditions of the Permit. When I begin work on the connection, I am accepting all conditions listed in my Permit.

CERTIFICATION BY ENGINEER

This certification shall be completed for Drainage Connection Permits in Duval, Clay, St. Johns, and Alachua Counties. This certification ensures F.D.O.T. compliance with the N.P.D.E.S. municipal separate storm sewer system permit.

PROJECT NAME Gainesville Renewable Energy Center (GREC)

PROJECT LOCATION 10001 NW 13th Street, Gainesville, Florida

COUNTY Alachua

STATE ROAD NUMBER 441

APPLICANT City of Gainesville

In accordance with Florida Administrative Code F.A.C. 14 - 86, Drainage Connections, the undersigned hereby certifies that the following requirements are, and/or will be met.

14 - 86.003 (3) (a) 3 - The quality of water conveyed by the connection meets all applicable water quality standards or minimum design and performance standards, and such assurance shall be certified in writing. In the event the discharge is identified, causing or contributing to a violation of applicable water quality standards, the permittee will be required to incorporate such abatement as necessary to bring the permittee's discharge into applicable standards.

14 - 86.004 (4) (g) - Certification by a Registered Engineer that the complete set of plans and computations comply with one of the following Rules Sections:

- ☐ 14 - 86.003 (3) (a)
or
☒ 14 - 86.003. (3) (b)

I certify under penalty of law that an NPDES Permit for storm water discharges associated with industrial construction activities ☒ is ☐ is not required.

This Certification shall remain valid for any subsequent revision or submittal of plans, computations or other project documents.
