Re: Seminole Electric
Cooperative, Inc.

Dear Mr. Helvenston:

Thank you for furnishing a copy of the proposed Joint Stipulation and Agreement between SWFWMD and Seminole Electric regarding mitigation procedures for the construction impacts of the Seminole transmission line associated with the Hardee Power Station site certification issued by the Siting Board on November 27, 1990. The Department has no objection to the proposed Stipulation and Agreement. It appears to be consistent with the Conditions of Certification, especially in view of the agreement of all parties to concentrate mitigation activities in the Cecil Webb Wildlife Management Area.

Please communicate with me at your convenience if there are any questions concerning this letter.

Sincerely,

Richard T. Donelan, Jr.
Assistant General Counsel
