Dear Mr. Yarbrough:

We have reviewed the responses to our questions regarding the proposed right-of-way (ROW) alignment in the certified corridor from the Vandolah Substation to the Charlotte County line. The responses have answered our questions regarding the proposed alignment. The proposed alignment appears to be acceptable pending review of the post-certification submittal.

If you have any questions, I can be contacted at (904)488-0130.

Sincerely,
