RE: Maimi-Dade Resources Recovery Facility
Modification to Conditions of Certification
DEP Case Number PA 77-08F
OGC Case Number 24-1914

CORRECTED NOTICE OF INTENT TO MODIFY CONDITIONS OF CERTIFICATION

Dear Mr. Kadambala:

This Corrected Notice of Intent to Modify replaces the Notice of Intent that was sent on January 29, 2026. On June 13, 2024, the Department of Environmental Protection (Department), Siting Coordination Office received a petition from Miami-Dade County Department of Solid Waste Management (MDCDSWM), and the associated fee for a modification to the Miami-Dade County Resources Recovery Facility (MDCRRF) Site Certification in accordance with section 403.516(1)(c), Florida Statutes (F.S.). The petition is requesting authorization to demolish the power plant and certain associated facilities, and to appropriately dispose of demolition debris. No new construction at MDCRRF is requested or would be authorized by the proposed modification.

On October 31, 2025, the Department determined the petition to be complete. The Department intends to modify the Conditions of Certification (Conditions) for MDCRRF to incorporate changes associated with MDCDSWM's petition. The Conditions will be modified to remove requirements that are no longer applicable to the resource recovery facility and certain associated facilities. Groundwater monitoring, stormwater controls, and the ash monofill will continue to be regulated under the site certification. Additionally, existing conditions will be updated for consistency with current regulations and license format. The proposed Conditions (PA77-08F) will replace the existing Conditions (PA77-08E) in their entirety. These changes can be viewed in the existing

and the proposed Conditions, which can be downloaded from the following file transfer protocol (ftp) site:
https://publicfiles.dep.state.fl.us/Siting/Outgoing/Miami_Dade_RRF/Modifications/Mod F/Conditions/

Copies of the Conditions and/or attachments may also be obtained by contacting the Department of Environmental Protection, Siting Coordination Office, 2600 Blair Stone Rd, Tallahassee, Florida 32399-3000, (850) 717-9000.

Pursuant to Section 403.516, F.S., and Rule 62-17.211, Florida Administrative Code (F.A.C.), all parties to the certification proceeding have 45 days from the issuance of this notice in which to file a written objection to the modification. A public notice will also be published in the Florida Administrative Register (FAR) regarding this Intent to Modify the Conditions. Any person who is not already a party to the certification proceeding and whose substantial interests will be affected by the requested modification has 30 days from the date of publication of the notice in the FAR to object in writing. Failure to act within the time frame constitutes a waiver of the right to become a party. The Department will issue a Final Order Modifying the Conditions of Certification for MDCRRF if no written objections are received by the Department.

Written objections must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, MS 35, Tallahassee, Florida 32399-3000. If the Department does not receive any written objections, then an Order Modifying the Conditions of Certification shall be issued by the Department. If written objections are timely filed which address only a portion of the modification, then pursuant to subparagraph 62-17.211(1)(b)5, F.A.C., the Department shall issue an Order approving that portion of the modification to which no objections were filed, unless that portion of the modification is substantially related to or necessary to implement the portion to which written objections are filed. If objections are raised, or the Department denies the request, then pursuant to Section 403.516(1)(c)3, F.S., the applicant or Department may file a request for a hearing on the modification with the Department of Administrative Hearings. Such a request will be handled pursuant to Chapter 120, F.S.

Mediation is not available in this proceeding.

Any questions regarding this Intent to Modify Conditions of Certification should be directed to Nate Senn at (850) 717-9111. Questions regarding legal issues should be referred to the Department's Office of General Counsel at (850) 245-2677. Such contact with any of the above does not constitute an objection to the modification.

Sincerely,

Robert Robertson Digitally signed by Robert Robertson
