[Certificate of Mailings from USPS.pdf](#)
[OUC.Good Faith Letter.07-01-2021.pdf](#)

Ann,

The Orlando Utilities Commission (“OUC”) has made a good faith effort to provide direct notice of its TLSA application to all of the landowners whose property and residences are located within one-quarter mile of OUC’s proposed transmission line corridor. In addition, OUC has made a good faith effort to provide direct notice to all of the people who are residents in this area, even if they are not property owners. This group includes the tenants in apartments and other rental properties located within one-quarter mile of the proposed transmission line corridor.

Attached for the FDEP’s records is a pdf file entitled “Certificate of Mailings from USPS” (“Certificate”). Also attached below is an e-mail from Kerri Burns (Golder Associates Inc.), which provides more details about the Certificate and OUC’s good faith efforts to provide direct notice. As you will see, a total of 2,928 notices were sent by OUC via the U.S. Postal Service (“USPS”). The recipients of these 2,928 notices are listed in the Certificate, which is 97 pages long. Each page of the Certificate includes a USPS date-stamped entry, which indicates when the notices were sent to the individuals and businesses listed on that page. The USPS’s entries show that most of the notices were sent by the USPS on July 2 and the remainder were sent on July 9, 2021. Thus, all of the direct notices were sent by OUC and the USPS long before the applicable TLSA deadline (July 26, 2021).

A sample of OUC’s notice is attached to this e-mail in a pdf file entitled “OUC.Good Faith Letter.07-01-2021.”

In light of these facts, OUC believes this e-mail and the attached documents satisfy the applicable requirements in Sections 403.5363(5)(a) and (b), Florida Statutes, concerning the good faith notice.

Please let me know if you have any questions or comments about this issue. After I hear from you, I plan to file these materials with the Administrative Law Judge, pursuant to FDEP Rule 62-17.750(3)(b), F.A.C.

Thank you.

David S. Dee, Esq.

Subject: OUC St Cloud East: TLSA - Good Faith Letter

Hello David. Attached is the documentation of the Good Faith mailing. We were successful at getting more than ½ of the mailing out ahead of Hurricane Elsa (7/2/2021) and the remaining was processed on 7/9/2021.

This mailing list consists of 2,324 pieces, which is based on Orange and Osceola County's property appraiser's data. When there was a difference between the physical/location address and the owners mailing address, both addresses were identified on the mailing list. This allows us to capture possible renters as well as the property owners that may live elsewhere. This list also groups ownership – when the name and address for multiple parcels are the same, we combined the multiple parcel identification numbers for the owner. By grouping the parcels, the owner receives 1 letter (that identifies all their parcels that are within the notification area) instead of receiving several letters. These letters were sent by Certificate of Mail, First Class.

In addition, we also generated a list of OUC accounts within the notification area. This list consists of 604 pieces. We reviewed this list against the property owners list and removed duplicates (pieces that were also identified on the property owners list). These pieces were mailed by regular 1st Class Mail on 7/9/2021. For account owner/privacy reasons, we do not plan to share/publish this mailing list.

Please let us know if there are any questions.

Kerri J. Burns

Re: OUC's Orlando/St. Cloud Regional Resiliency Connection
Notice of Filing Application under Florida Electric Transmission Line Siting Act

Dear Name:

To meet the needs of our customers while strengthening the safety, integrity, and reliability of the St. Cloud transmission system, OUC plans to construct a new 230 kilovolt (kV) electrical transmission line in your area. This transmission line will support continued growth in St. Cloud and reinforce the electrical system that serves the Orlando metropolitan area. It also will facilitate development and integration of future renewable energy resources.

On December 11, 2019, OUC held an informal Open House meeting, with area governmental stakeholders, at the Marina Building in St. Cloud to discuss the proposed transmission line project. A second meeting was held on January 28, 2020, at Narcoossee Middle School. Then a third meeting was held at Innovation Middle School on January 30, 2020. At all meetings, OUC described the proposed project, presented information concerning potential alternate routes, and collected public input. After carefully considering comments OUC received from the public, state and local regulatory agencies, and other stakeholders, OUC has selected a corridor for the location of the proposed transmission line.

On June 11, 2021, OUC filed an application (Application No. TA21-18) for certification with the Florida Department of Environmental Protection to authorize the location of an electrical transmission line corridor; construction, operation and maintenance of a 230 kV electrical transmission line; and maintenance of the transmission line right-of-way from the existing St. Cloud East Substation to the existing Magnolia Ranch North Substation. We are sending you this notification because it is our understanding that you live or own property within one-quarter mile of OUC's proposed electrical transmission line corridor. A map showing the approximate location of the transmission line corridor is attached to this letter. Approximately 38% of the length of the transmission line is proposed within OUC's existing transmission line ROWs and the remainder is co-located along existing and proposed public and private roadways and canals.

ORLANDO UTILITIES COMMISSION

[OUC.com/ResiliencyConnection](https://www.ouc.com/ResiliencyConnection)

OUC's application is pending before an administrative law judge at the Division of Administrative Hearings (DOAH), in DOAH Case No. 21-001939, prior to action by the Governor and Cabinet (sitting as the Siting Board) or the Secretary of the Department of Environmental Protection, pursuant to the Florida Electric Transmission Line Siting Act, Sections 403.52 – 403.5365, Florida Statutes (F.S.). Unless the administrative law judge cancels the certification hearing pursuant to Section 403.527(6), F.S., based on a stipulation of the parties to the proceeding that there are no disputed issues of material fact or law, a certification hearing will be conducted by the administrative law judge pursuant to Sections 120.569 and 120.57, F.S., at a central location in proximity to the proposed corridor. Notice of the date and location of the certification hearing will be published in a newspaper at least 65 days before the date set for the hearing.

State agencies, water management districts, a regional planning council, and local governments will be reviewing the application and preparing reports regarding compliance of the proposal with applicable laws, and any needed conditions of certification to assure such compliance. It is recommended that all interested individuals review the application and bring matters of concern to the appropriate agency's attention as soon as possible. Information regarding the appropriate contact persons in the agencies may be obtained from the Department of Environmental Protection's Siting Coordination Office at the address provided below.

The application for certification contains a more detailed description of OUC's proposed transmission line corridor and project.

The application can be reviewed on the internet by going to the Florida Department of Environmental Protection's Office of Siting Coordination website (<https://floridadep.gov/Air/Siting-Coordination-Office>). Paper copies of the application also are available for public inspection during normal business hours at the following locations:

Florida Department of Environmental Protection, Siting Coordination Office 2600 Blair Stone Road, MS 5500 Tallahassee, FL 32399-2400 Contact: Ann Seiler or Nate Senn Telephone: (850) 717-9000 Email: ann.seiler@floridadep.gov	Florida Department of Environmental Protection, Central District 3319 Maguire Boulevard Orlando, FL 32803 Contact: Cindy Stafford, Central District Siting Liaison Telephone: (407) 897-4100 Email: Cindy.stafford@floridadep.gov

Orange County Library System – Repository Orlando Public Library 101 East Central Blvd. Orlando Florida 32801 Customers Service: 407-835-7323 Email: referencecentral@ocls.info	

Anyone wishing to participate in the proceeding as a party must file an appropriate petition pursuant to Rule 28-106.205, F.A.C., with the Honorable Judge E. Gary Early, Administrative Law Judge, at the Division of Administrative Hearings, DeSoto Building, 1230 Apalachee Parkway, Tallahassee, Florida 32399-3060. Copies of the petition should be sent by mail to all parties. A list of parties may be obtained from the Florida Department of Environmental Protection, Siting Coordination Office, at the Tallahassee address listed above. Any person wishing to intervene in the proceedings, unless appearing on their own behalf, must be represented by an attorney or other person who can be determined to be qualified to appear in administrative proceedings pursuant to Chapter 120, F.S., or Rule 28-106.106, F.A.C. Persons not wishing to participate in the proceedings as a party may nevertheless offer sworn testimony during the public hearing portion of the certification hearing, if a certification hearing is needed.

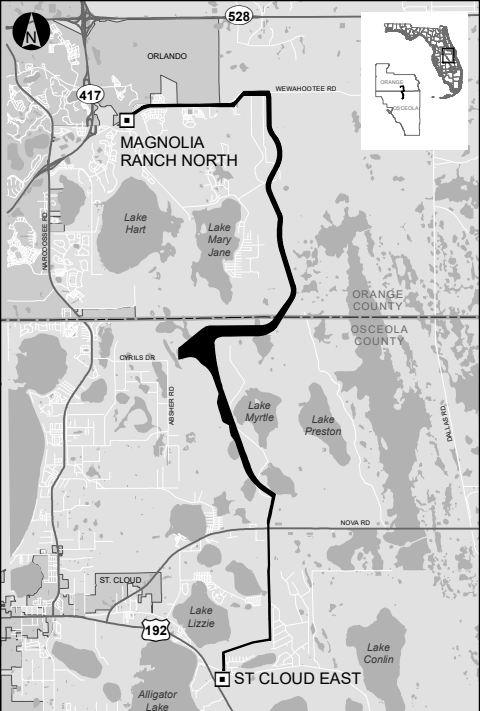

If you have questions or want additional information, please visit the Florida Department of Environmental Protection's Office of Siting Coordination website.

Sincerely,

Charles Easterling
