Re: Annual Report: SEC II Mitigation Monitoring

SITING COORDINATION

Dear Mr. Oven:

Enclosed are six (6) copies of the 2003 Biological Monitoring Report for the Mitigation Areas at the Stanton Energy Center as required by the Conditions of Certification (COC). It is my understanding that the Florida Department of Environmental Protection (FDEP) will distribute copies to the St. John's River Water Management District (SJRWMD) and the South Florida Water Management (SFWMD).

I thank you for your assistance and if you need any additional copies or have any questions, do not hesitate to call me at (321) 235-5827.

Sincerely,
