RE: Progress Energy Florida
Levy Nuclear Plant Units 1 and 2
Site Certification Application; PA 08-51

Dear Mr. Halpin:

Please find enclosed a set of substitute pages for Volume 2 of Progress Energy Florida's (PEF's) Site Certification Application for the Levy County Nuclear Plant Units 1 and 2 and associated facilities. Pursuant to PEF's Notice of Amendment of the Site Certification Application (SCA) filed October 6, 2008 in the Division of Administrative Hearings Docket No. 08-2727EPP, PEF is amending the SCA to revise or withdraw Sections 9-A1.3.1.7, 9-A1.3.6.2.4, 9-A3.3.1.7, and 9-A3.3.6.2.4 of the SCA, which sections address the proposed Citrus and Central Florida South substations. PEF will not be seeking certification for the proposed Citrus or Central Florida South substations in the above-mentioned proceeding. Any required approvals for these substations will be obtained separately.

Please update your hard copy of the SCA by removing page numbers 9-A1-9 through 9-A1-12, 9-A1-23 through 9-A1-26, pages 9-A3-11 through 9-A3-12, and pages 9-A3-37 through 9-A3-40 and replacing them with the enclosed substitute pages.

In addition, please find enclosed supplemental information for Volume 5 of the SCA regarding Levy County zoning descriptions, as described in the letter to you dated October 24, 2008.

Thank you for your attention to this matter. Should you have any questions concerning this matter, please contact me at John.Hunter@PGNmail.com or at 727-820-5764.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Hunter', with a stylized flourish at the end.
