Re: Amoco Oil Company - Vapor Recovery System

Dear Mr. Robbins:

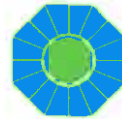

The Department of Environmental Protection has reviewed material attached to your letter of October 9, 1997, from Amoco Oil Company. The Department has determined that the listed vapor recovery and leak detection equipment for the Amoco Service Stations is eligible to be considered as pollution control equipment pursuant to s. 193.621, F.S. In my opinion, the cathodic protection equipment is not primarily for the purpose of pollution control and therefore not eligible.

Per your request, I am returning the original documentation. If you have any questions concerning this matter, I can be reached on (904) 487-0472 or SUNCOM 277-0472.

Sincerely,

Hamilton S. Oven, P.E.

Re: Amoco Oil Company
Vapor Recovery System

Dear Mr. Oven:

Pursuant to Florida Statute 193.621(6), I am requesting the assistance of your department in the certification of certain equipment placed in service in Dade County described as "pollution control" equipment as outlined in the above referenced statute. Your certification will assist us in determining whether the taxpayer may be entitled to an assessment of this equipment as described under the statute.

Enclosed are the documents submitted to us in support of this request. As required by the statute, we have notified the taxpayer in writing that we have referred this matter to your department for certification. Please return the original documents, along with your conclusions to:

Honorable Joel W. Robbins, C.F.E.
Dade County Property Appraiser
Attn: Mark W. Neumann, C.F.E., A.S.A.
Suite 710
111 Northwest First Street
Miami, Florida 33128-1984

Thank you in advance for your cooperation in this matter.

Sincerely,

Re: 1997 Personal Property Pollution Control Exemption
Certified Mail # Z 360 083 104

Dear Sir or Madam:

Per the settlement agreement dated May 6, 1997, enclosed is our 1997 pollution control devices return for the Amoco Oil Company.

Included with the return is documentation that identifies the merit that qualifies this equipment as pollution control devices. Furthermore, fixed asset detail is enclosed to identifying the equipment by each folio number and facility number. In addition to the fixed asset detail, enclosed is paper work from the Dade County Environmental Resources Management approving our stage II vapor recovery system and a listing of approved storage tank equipment from the Florida Department of Environmental Protection Agency.

Currently, we have appealed the folio numbers listed on the fixed asset detail. We would like to work together with you to resolve the appeals and get these assets qualified as pollution control devices, i.e. exempt from ad valorem taxes. If you have any questions or need additional information please contact me at 312-856-4425.

Sincerely,

Daniel J. Klug
Property Tax Representative
