Re: Sano Corporation

Dear Mr. McKee:

I have received correspondence from a representative for Sano Corporation, located at 3250 Commerce Parkway in Miramar concerning pollution control equipment potentially eligible for assessment under section 193.621, Florida Statutes. The regenerative thermal oxidizer is a pollution control device that is eligible for ad valorem tax relief. I am enclosing a copy of the supporting material for your files.

If I can be of any further assistance in this matter, please contact me at Sumcom 277-0472 or (850) 487-0472.

Sincerely,

Hamilton S. Oven

Re: 1998 Application for Exemption of Pollution Control Equipment

Dear Mr. Oven:

Thank you for your assistance with our Return for Pollution Control Devices for Ad Valorem Tax Purposes. The owner of the pollution control device is Sano Corporation, their address is 3250 Commerce Parkway, Miramar, Florida 33025, and the folio number where the property is located is #7704-680-Z.

The pollution control device which is installed at the property is one regenerative thermal oxidizer. A copy of a letter from Blasland, Bouck & Lee, Inc., engineers, which states that the RTO is operated and maintained for air pollution control purposes is enclosed. A copy of the tax return is also enclosed for your reference.

Please do not hesitate to call me at (305) 536-8851 if any further information is required.

Very truly yours,

Julie Schwartz

Re: Notice of Installation of Pollution Control Equipment
Project #: 889.01

Dear Sir:

On behalf of SANO Corporation (SANO), Blasland, Bouck & Lee, Inc. (BBL) is pleased to submit this letter of notification that SANO has installed pollution control equipment at its facility located at 3250 Commerce Parkway, Miramar, FL.

BBL has been the environmental consultant for SANO for the past 4 years. BBL worked in conjunction with SANO and Broward County Department of Natural Resource Protection (DNRP) - Air Division to obtain a state permit to Operate an Air Pollution Source (#0112384-002-AF) for the facility. As a function of the permit, an air pollution control device must be operated and maintained. In accordance with the permit, SANO installed, and currently operates and maintains, a Regenerative Thermal Oxidation (RTO) unit. The RTO satisfies the permit requirements for air pollution control equipment.

Please call me if you have any questions.

Sincerely,

BLASLAND, BOUCK & LEE, INC.

Richard A. Kappes

RETURN OF POLLUTION CONTROL DEVICES FOR AD VALOREM TAX PURPOSES FLORIDA STATUTES CHAPTER 193.621

To the Property Appraiser Broward

County, Florida, _____

Return is hereby made for the assessment of the following described property under Florida Statutes as pollution control devices.

Description of Property

One (1) 22,500 SCFM Regenerative Thermal Oxidizer, 2 Tower. This equipment was manufactured by Durr Industries, Inc., Detroit, Michigan and installed in 1997.

Description of Facility

The thermal oxidation unit is used at petitioner's pharmaceutical manufacturing facility. The facility uses 4 coater drying lines; 2 for research and development and 2 for production. The thermal oxidation equipment will control emissions from these coater drying lines.

Name and address of owner:

Sano Corporation
3250 Commerce Parkway
Miramar, FL 33025

Folio No. 7704-680-2

The undersigned taxpayer hereby agrees to furnish such other reasonable information as the Appraiser may request in regard to the assessment requested herein.

SANO CORPORATION
