Re: Water Recovery, Inc.
Pollution Control Devices

Dear Ms. Rose:

I have reviewed the material attached to your email of July 12, 2007, regarding pollution control devices at Water Recovery, Inc. In my opinion, the tank, mechanical and lab equipment listed for Water Recovery, Inc. is "primarily for the purpose of pollution control" and is eligible for assessment as a pollution control device pursuant to §193.621, Florida Statutes.

However, certification from the reviewing Professional Engineer is not included. In accordance with DEP Rule chapter 62-8, Florida Administrative Code, a current evaluation of equipment by a registered Professional Engineer in the State of Florida must be submitted. My advice is to obtain the Florida registration number for the engineer responsible for the evaluation, and upon such proof of registration, approve accordingly.

If there are any questions on this determination, please contact me at (850) 245-8002.

Sincerely,

Michael P. Halpin, P.E.

Can you take a look at this?
We can discuss it next week.
Thanks,
Mike

Mr. Halpin,

I understand you have replaced Mr. Oven. I have sent Mr. Oven information in the past by e-mail, so I am doing the same to you at this time.

Attached, is information Water Recovery Inc has given our office to review and tax as pollution control. The taxpayer is requesting that this equipment be assessed for the 2007 tax year as pollution control. I have attached the information above, for your review.

If you have any questions, please give me a call.

Thanks,

Sandra G. Rose

Dear Sandra:

Enclosed is the detail asset list showing pollution and non-pollution control items purchased in 2006 by Water Recovery Inc. Also enclosed is the actual list of equipment we are requesting, be included as pollution control equipment from DEP. Supporting this request is our engineer's letter to Hamilton Oven, who we find, has retired. His replacement, Mike Halpin, is who you should consult on this matter. Mr. Halpin's number is (850)245-8002.

Thank you for your assistance in this matter.

Sincerely,

Thomas E. Sandlin, Sr.
Agent

List of Pollution Control Devices

Dear Mr. Oven:

Attached is the current list of added pollution control equipment during 2006 for Water Recovery, Inc. (WRI). All additions are primarily in support of pollution control equipment already identified from last year. This listing is true and accurate to the best of my knowledge. If you have any questions or need additional information, please call me at (904) 475-9320.

Sincerely,

Richard Breitmoser, P. E.

Water Recovery, Inc.

[Home](#)*"Waste Disposal Made Safe and Simple"*[Qualifications](#)[Facility](#)[Disposal
Service](#)[Map](#)[News](#)[Contact Us](#)

Water Recovery, Inc. (WRI) opened in July 2001 following two years of planning and capital investment by parent company, Moran Environmental Recovery, Inc. The facility is designed to satisfy stringent new standards promulgated in August of 2000 for the Centralized Waste Treatment (CWT) industry. WRI is a "state-of-the-art" facility permitted by the Jacksonville Electric Authority (JEA) for wastewater treatment and the Florida Department of Environmental Protection (FDEP) for Used Oil Processing and Petroleum Contact Water (PCW).

Call us and make your waste disposal safe and simple:

- ✔ Water Recovery, Inc. can provide regulatory and technical support, including paperwork and profiling.
- ✔ Water Recovery, Inc. can provide competitively priced hassle-free transportation.
- ✔ Water Recovery Inc.'s professional staff and state-of-the art equipment ensure safe, limited liability disposal.
- ✔ Water Recovery, Inc. will provide quick and accurate billing without hidden charges.

Water Recovery, Inc.

[Home](#)

"Waste Disposal Made Safe and Simple"

[Qualifications](#)

WRI provides full service disposal of non-hazardous waste including industrial wastewater and used oil. Full service means:

[Facility](#)

- WRI will provide regulatory and technical support, including paperwork and profiling.

[Disposal Service](#)

- WRI will provide competitively priced hassle-free transportation.
- WRI's professional staff and state-of-the art equipment ensure safe, limited liability disposal.

[Map](#)

- WRI will provide quick and accurate billing without hidden charges.

[News](#)

Materials Accepted:

- Petroleum Tank Cleaning Wastewater
- Marine Cleaning/Bilge Water
- Petroleum Contact Water (PCW)
- Used Oils
- Contaminated Stormwater
- Contaminated Groundwater
- Spill Cleanup Water
- Any Industrial Wastewater Contaminated with Metals
- Any Oily Wastewater
- Grease Trap Waste
- Tank Bottom Water from Petroleum Storage Tanks
- Wash Water (from tank cleanings, auto, truck and railcar cleaning, process tank cleaning, etc.)
- Gasoline, Diesel Fuel, Kerosene, Jet Fuel.
- Water Soluble Oils, Emulsified Oils, Lubricating Oils.

[Contact Us](#)

Wastes Specifically Not Accepted:

- Regulated Hazardous Waste
- Biohazardous Materials
- Domestic Waste
- Glycol Products (antifreeze)
- AFFF Products (firefighting foam)

All other materials not specified must be discussed with our in-house lab. We will need a sample for lab analysis which will determine acceptance.

WRI requires all wastes to be profiled and approved in advance of delivery. This form is available below. If your waste is considered Petroleum Contact Water (PCW), there is a second form required.

[WRI Waste Profile Form \(pdf\)](#)

[WRI PCW Generator Certification \(pdf\)](#)

WRI will help you fill out these forms! We can even fill them out for you over the phone. However, WRI does require your review and signature...
