CERTIFIED MAIL – RETURN RECEIPT REQUESTED

James Daniel, Plant Manager
CEMEX Construction Materials Florida, LLC
10311 Cement Plant Road
Brooksville, Florida 34605

RE: Brooksville South Cement Plant
DEP Case Number PA82-17
Extension of Time Period Granted in Amendment Approval dated July 16, 2010

Dear Mr. Daniel:

On July 16, 2010, the Department of Environmental Protection's Siting Coordination Office (Department) approved the request dated July 16, 2010, for a post certification amendment to the Brooksville South Cement Plant's Site Certification to transport the facility's combustion waste ash to a permitted off-site Class I landfill for disposal for the time period beginning July 16, 2010 and ending January 15, 2011. This approval has been enclosed for reference.

On April 18, 2011, the Department received a request from Coastal Engineering Associates, Inc. on behalf of CEMEX to extend the approved time period expiration date from January 15, 2011 to December 31, 2011. According to the request, the facility shut down intermittently over the last quarter of 2010, and has been continuously shut down since December 2010. CEMEX is now able to resume operations and requests the Department's approval to continue to transport ash to an offsite landfill through December 31, 2011 while a long-term solution is pursued. As a condition of approval for this time extension, CEMEX has committed to providing the Department with a plan to address the long-term solution by September 1, 2011.

The Department has no objections to the requested extension provided that CEMEX continues to comply with the requirements set forth in the original amendment approval dated July 16, 2010. By this letter, the Department grants approval for this requested time extension. The expiration date to temporarily transport ash to an offsite landfill shall be changed from January 15, 2011 to December 31, 2011. No other changes are authorized, and all previous and existing requirements remain intact. This letter should be attached to the Department's July 16, 2010 approval and made available on-site for review by those agencies with regulatory authority.

Any questions regarding the Department's review of your post-certification amendment should be directed to Cindy Mulkey at (850) 245-2002. Questions regarding legal issues should be referred to the Department's Office of General Counsel at (850) 245-2257.

Sincerely,

Cindy Mulkey
Administrator,
Siting Coordination Office

Enclosure: Department's Amendment Approval dated July 16, 2010
