

ATTACHMENTS

ATTACHMENT B: Surface Water Management System Operation and Maintenance Requirements

1. FPL shall be responsible for the operation and maintenance of the SWMS. Inspections are to be conducted on an annual basis or after periods of significant rainfall to insure that the system is functioning as designed and approved. If deficiencies are identified a report shall be submitted electronically or in writing to the Department using Form 62-330.311(1), "Operation and Maintenance Inspection Certification" within 30 days of the inspection.
