Dear Mr. Smith:

On September 19, 2006, the Siting Board approved a consolidated final order for certification of an expansion of the Hillsborough County Resource Recovery Facility to add a new 600-ton-per-day mass burn unit for a waste subject to the Conditions of Certification. The Department issued final construction permit No 0570261-009-AC (PSD-FL-369A) on September 7, 2007. This permit was publicly noticed on August 13, 2007. Pursuant to Rule 62-17.211(4), Florida Administrative Code (F.A.C.) the Department proposes to modify the Conditions of Certification for this facility to conform them to the Air Construction Permit. Pursuant to 403.516 (1) (b)., Florida Statutes ("F.S."), the Department may modify specific Conditions of a site Certification which are inconsistent with the terms of any federally delegated or approved permit. Such modification(s) may be made without further notice if the matter has been previously noticed under the requirements for any federally delegated or approved permit program.

The Conditions of Certification for Hillsborough County Resource Recovery Facility are therefore modified as follows;

The Licensee is subject to and shall comply with the terms, conditions, requirements, limitations, and restrictions set forth in Appendix B and any final issuance, modification, or amendment to such PSD permit. A violation of the terms conditions, requirements, limitations, and restrictions in Appendix B, in its entirety, is a violation of these Conditions of Certification.

Any party to this Order has a right to seek judicial review of it pursuant to Section 120.68, Florida Statutes by filing a Notice of Appeal, pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department of Environmental Protection in the Office of General Counsel, 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000, and by filing a copy of the Notice of Appeal, accompanied by the applicable filing fees, with the appropriate District Court of Appeal.
