Re: FPL Dania Beach Energy Center
Application for Site Certification

Dear Ms. Mulkey:

Florida Power & Light Company (FPL) is pleased to submit to the Department of Environmental Protection (Department) its Site Certification Application (SCA) for the Dania Beach Energy Center Project (DBEC Project or Project) in Broward County, pursuant to the Florida Electrical Power Plant Siting Act, Section 403.501, et seq., F.S. and Section 62-17.051, F.A.C. Enclosed is FPL Check No. 5000492086, made payable to the Department in the amount of \$125,000, and provided as the application fee pursuant to Section 62-17.293(1)(b)1 and 2, F.A.C. At this time, FPL is providing copies of the SCA to other agencies identified in Section 403.507(2)(a), F.S., pursuant to Section 403.5064(1)(a), F.S. and shown in the attached service list.

The SCA addresses all aspects of the Project by presenting information in accordance with the Department's draft "Application Instruction Guide: Electrical Power Plant Sites and Associated Facilities Electrical Transmission Lines" dated September 1, 2009 (draft DEP Form 62-17.900). FPL is also separately filing with the Department an Application for an Air Construction/Prevention of Significant Deterioration Permit for the Project and an Industrial Wastewater Facility Permit application.

FPL looks forward to working with the Department and other interested agencies in the certification process. If you should have any questions regarding this SCA, please do not hesitate to call me at 561-691-2808 or John Tessier at 561-694-4131.

Sincerely,

for Matthew J. Raffenberg
Environmental Services, Senior Director
