Re: FPL Okeechobee Clean Energy Center Project
Application for Site Certification

Dear Ms. Mulkey:

Florida Power & Light Company (FPL) is pleased to submit to the Department of Environmental Protection (Department) its Site Certification Application (SCA) for the Okeechobee Clean Energy Center Project (OCEC or Project) in Okeechobee County, pursuant to the Florida Electrical Power Plant Siting Act, Section 403.501, et seq., F.S. and Section 62-17.051, F.A.C. Enclosed is FPL Check No. 5000398168, made payable to the Department in the amount of \$125,500.00, and provided as the application fee pursuant to Section 62-17.293(1)(b)1 and 2, F.A.C. At this time, FPL is providing copies of the SCA to other agencies identified in Section 403.507(2) (a), F.S., pursuant to Section 403.5064(1) (a), F.S. and shown in the attached service list.

The SCA addresses all aspects of the OCEC by presenting information in accordance with the Department's draft "Application Instruction Guide: Electrical Power Plant Sites and Associated Facilities Electrical Transmission Lines" dated September 1, 2009. FPL is also separately filing with the Department an Application for an Air Construction Permit/Prevention of Significant Deterioration (PSD) for the Project.

FPL looks forward to working with the Department and other interested agencies in the certification process. If you should have any questions regarding this SCA, please do not hesitate to call me at 561-691-2808 or Agnes Ramsey at 561-691-2820.

Sincerely,
