RE: Polk Power Station
Modification to Conditions of Certification
DEP Case Number PA 92-32P
OGC Case Number 14-0065

FINAL ORDER MODIFYING CONDITIONS OF CERTIFICATION

Dear Mr. Lukcic:

On January 27, 1994, the Florida Siting Board issued a Site Certification to Tampa Electric Company (TEC) for the construction and operation of Polk Power Station (PPS) in Polk County. The Department of Environmental Protection (Department) has modified the Conditions of Certification (Conditions) for PPS by Final Order on fourteen other occasions.

The Department has reviewed TEC's petition dated January 21, 2014 for a modification to PPS's Conditions pursuant to Section 403.516(1)(c), Florida Statutes (F.S.), to construct and operate 2.0 miles of new reclaimed water pipeline from the City of Mulberry Wastewater Treatment Plant, as well as 2.5 miles of pipeline from the Polk County reclaimed water system, to the TEC reclaim pipeline, currently under construction. TEC's reclaim pipeline was approved by final order (Modification M) to connect from the City of Lakeland's Treatment System to the PPS.

On May 19, 2014, all parties to the certification proceeding were provided notice of the Department's intent to modify the Conditions for PPS. On May 23, 2014, notice of the Department's intent to modify the Conditions for PPS was also published in the Florida Administrative Register (FAR).

Pursuant to Section 403.516, F.S., and Rule 62-17.211, Florida Administrative Code (F.A.C.), all parties to the certification proceeding have 45 days from the issuance of notice in which to file a written objection to the modification. Pursuant to Section 403.516, F.S., and Rule 62-17.211, F.A.C., any person who is not already a party to the certification proceeding and whose

substantial interests will be affected by the requested modification has 30 days from the date of publication of the public notice in the FAR to object in writing. Failure to act within the time frame constitutes a waiver of the right to become a party.

These timeframes have expired and no objections to the modification have been received by the Department. Therefore, the Conditions for PPS are modified as described in the Department's Notice of Intent to Modify the Conditions of Certification dated May 19, 2014, which can be downloaded from the following file transfer protocol (ftp) site:

Copies of the Conditions and/or attachments may also be obtained by contacting the Department of Environmental Protection, Siting Coordination Office, 3900 Commonwealth Blvd., M.S. 48, Tallahassee, Florida 32399-3000, (850) 245-2002.

Any party to this Order has a right to seek judicial review of it pursuant to Section 120.68, F.S. by filing a Notice of Appeal, pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department of Environmental Protection in the Office of General Counsel, 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000, and by filing a copy of the Notice of Appeal, accompanied by the applicable filing fees, with the appropriate District Court of Appeal.
