Re: Seminole Plant Units 1 & 2, PA 78-10

Dear Mr. Roddy:

The Department of Environmental Protection has reviewed your letter of April 18, 2005, and has reviewed ambient air quality data for the area surrounding Palatka, Florida. The Department feels that it is no longer necessary for Seminole Electric Cooperative, Inc. (SECI) to continue the ambient air quality monitoring program required by the Conditions of Certification. Accordingly, we will draft an intent to modify the conditions to delete the ambient monitoring requirement utilizing some of the unexpended modification fee that was submitted for the SECI Payne Creek project.

If you have any questions on this matter, please contact me at (850) 245-8002.

Sincerely,

Hamilton S. Oven
