RE: St. Lucie Power Plant
Modification to Conditions of Certification
DEP Case Number PA 74-02J
OGC Case Number 23-1076

FINAL ORDER MODIFYING CONDITIONS OF CERTIFICATION

Dear Mr. Proctor:

On December 17, 1975, the Governor and Cabinet issued a Site Certification to Florida Power and Light Company for the St. Lucie Power Plant (St. Lucie). On September 16, 2008, the Secretary of the Department of Environmental Protection (Department) issued a Site Certification for the uprate project of St. Lucie. The Department has modified the Conditions of Certification (Conditions) for St. Lucie by Final Order on nine other occasions. Pursuant to Section 403.516(1)(c), Florida Statutes (F.S.), the Department has initiated a modification to St. Lucie's Conditions to incorporate a uniform set of general conditions consistent with recent site certifications, and to update antiquated specific conditions that are no longer applicable or consistent with current regulations.

On July 10, 2023, all parties to the certification proceeding were provided the amended notice of the Department's intent to modify the Conditions for St. Lucie. On July 18, 2023, notice of the Department's intent to modify the Conditions for St. Lucie was also published in the Florida Administrative Register (FAR).

Pursuant to Section 403.516, F.S., and Rule 62-17.211, Florida Administrative Code (F.A.C.), all parties to the certification proceeding have 45 days from the issuance of notice in which to file a written objection to the modification. Pursuant to Section 403.516, F.S., and Rule 62-17.211, F.A.C., any person who is not already a party to the certification proceeding and whose substantial interests will be affected by the requested modification has 30 days from the date of publication of the public notice in the FAR to object in writing. Failure to act within the time frame constitutes a waiver of the right to become a party.

These timeframes have expired and no objections to the modification have been received by the Department. Therefore, the Conditions for St. Lucie are modified as described in the Department's Notice of Intent to Modify the Conditions of Certification dated July 10, 2023, which can be downloaded from the following file transfer protocol (ftp) site: <http://publicfiles.dep.state.fl.us/Siting/Outgoing/FPL%20St%20Lucie/Modifications/Mod J/>.

The final version of the modified Conditions (including attachments) can be viewed and obtained from the following website:

http://publicfiles.dep.state.fl.us/Siting/Outgoing/Web/Certification/pa74_02_2023_J.pdf

Copies of the Conditions and/or attachments may also be obtained by contacting the Department of Environmental Protection, Siting Coordination Office, 2600 Blair Stone Road, M.S. 5500, Tallahassee, Florida 32399-2400, (850) 717-9000.

Any party to the this Order has a right to seek judicial review of it pursuant to Section 120.68, F.S. by filing a Notice of Appeal, pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department of Environmental Protection in the Office of General Counsel, 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000, and by filing a copy of the Notice of Appeal, accompanied by the applicable filing fees, with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date this Order is filed with the Clerk of the Department of Environmental Protection.

Sincerely,

Cindy Mulkey

Deputy Director Water Resource Management
