Dear Mr. McGarry:

Per your request we have conducted an analysis of land use and ownership for the Brevard County Florida Shore Protection Project Mid-Reach Segment in accordance with the requirements set forth in the Project Partnership Agreement dated August 31, 2016.

Results of the latest analysis conducted in June of 2021 have resulted in an overall increase to the Federal share of this project's costs. The new cost sharing percentages are 49.6% Federal and 50.4% non-Federal for future periodic nourishment. The previous 2010 (Revised 2014) General Reevaluation Report provided results of 44.2% and 55.8% respectively.

If you have any further questions or need any additional information, please contact the Project Manager, Chris Ren, at 904-570-4519 or christopher.ren@usace.army.mil.

Sincerely,

Milan A. Mora, P.E.
Chief, Water Resources Branch
