**Re: Broward County FY2022/23 Local Government Funding Request Project Assessment –
Broward County Segment III**

Dear Ms. Tillotson,

Thank you for consideration of the Broward County Segment III shoreline project for LGFR funding assistance. After review of the Broward County Shore Protection Project - Segment III, FY2022/2023 Local Government Funding Request Beach Project Assessment, as provided by your office, the County would like to request the State provide a 100% cost share of the Dr. Von D. Mizell-Eula Johnson State Park year 1 monitoring, rather than the 50% state cost share proposed in the project assessment draft. The County is currently planning on hiring a consultant to perform the permit-required monitoring and will submit all applicable deliverables.

Thank you for this opportunity, your consideration is greatly appreciated. If I can provide any further documentation or clarification of these proposed assessment revisions, please do not hesitate to contact me as needed.

Sincerely,

A handwritten signature in blue ink, appearing to read "Pat Quinn", with a stylized flourish at the end.

Dr. Pat Quinn
