Draft Assessment	8/31/2021
Final Review	

Project Description
The St. Johns County FEMA Emergency Berms Project is located between DEP monuments R1 and R46.2, R67 and R76, and R189.85 and R193.65 in St. Johns County. The Department has designated the shoreline from R26 to R31 as critically eroded. The requested funds are for monitoring. Staff have determined that 0% of the project is eligible for state cost sharing. The state cost share in the project budget table is based on the Local Sponsor application.

Funds will be used for (list project phase, specify which phase is reimbursement, if applicable)

The Department requests that the Local Sponsor withdraw this application as the project has no primary or secondary public access within the critically eroded shoreline segment of the project and is therefore not eligible for state cost share pursuant to Chapter 161.101, Florida Statutes. The requested funds are eligible for reimbursement under current DEP agreement 19SJ2, appropriated specifically by the Legislature in 2018/2019 for Hurricane Irma recovery projects.
