

FY2023/2024 Local Government Funding Request

Draft Beach Project Assessment

Project Name	Manatee County Shore Protection Project. Central Beach Nourishment Project
Local Sponsor	Manatee County

Initial Assessment	8/10/2022
Group Assessment	9/7/2022
Draft Assessment	9/15/2022
Final Review	10/20/2022

Project Description
The Project extends between R-12 & R-36 and was nourished originally in 1992. In August 2016, Hurricane Hermine and Irma cause major sand loss along Coquina Beach extending outside the project area. However, FEMA provided federal funds for the storm repair between R-34 & R-41. In 2020, across Anna Maria Island, there was a beach nourishment event that included a federal portion. Following USACE construction, Manatee County completed FEMA funded storm restoration in March 2021. This project consists of Monitoring and requests confirmation that 2-year & 3-year Hardbottom Monitoring for the federal portion of the beach nourishment project is included in existing agreements. DEP staff have determined that 100% of the project is eligible for state cost sharing.

Funds will be used for (list project phase, specify which phase is reimbursement, if applicable)
Sea turtle & Shorebirds monitoring (3rd year) and physical monitoring (3rd year)

State cost share %	50.00%
