Draft Beach Project Assessment

Project Name	Broward County Shore Protection Project - Segment III
Local Sponsor	Broward County

Initial Assessment	8/22/2022
Group Assessment	9/1/2022
Draft Assessment	9/14/2022
Final Review	

Project Description
The Broward County Shore Protection Project - Segment III is a 7.3-mile segment of shoreline located between DEP monuments R86-200' to R94 and R98 to R128 in Broward County, between the Port Everglades south jetty and the Miami-Dade County line. The project includes Dr. Von D. Mizell-Eula Johnson State Park, the City of Dania Beach, the City of Hollywood Beach, and the City of Hallandale Beach. The project was federally authorized in 1965 and was federally nourished for the first time in 1989. Between 1971 and 2020, over 7.4 million cubic yards of sand have been placed along Segment III beaches from 12 nourishment events. The requested funds are for the monitoring tasks of two dune projects: one within Dr. Von D. Mizell-Eula Johnson State Park (2021/2022) and one within the City of Dania, Hollywood, and Hallandale Beach (2022/2023). Staff have determined that 99.51% of the project within City of Dania, Hollywood, and Hallandale Beach and 100% of the project within the State Park is eligible for state cost sharing.

Funds will be used for (list project phase, specify which phase is reimbursement, if applicable)
Monitoring (current & reimbursement for 22/23)

State cost share %	49.75% and 100%
