Draft Assessment	9/14/2022
Final Review	

Project Description
The Central Boca Raton Beach Nourishment project includes 1.5 miles of shoreline between DEP monuments R216 - R222 in Palm Beach County. Restoration was completed in 2004, with a nourishment in 2006 following storm impacts. Construction of the first design interval nourishment commenced in March 2016. The project was delayed for the 2016 sea turtle nesting season and completed in March 2017. The project is currently in postconstruction monitoring phase for the 2017 nourishment. The second design interval nourishment is scheduled for FY 24/25. The requested funds are for permit-required, year 7 post-construction monitoring. Staff have determined that 84.64% of the project is eligible for state cost sharing.

Funds will be used for (list project phase, specify which phase is reimbursement, if applicable)
Year 7 Post-Construction Monitoring

State cost share %	42.32%
