July 28, 2022

Good Morning:

I am please to submit the attached Beach Management Funding Assistance Program Local Government Funding Request for fiscal year 2023-2024 on behalf of Sarasota County. The County seeks funding for Manasota Key Beach Restoration Project post-construction sea turtle monitoring as costs for this activity cannot recovered through our partnership with Charlotte County.

Attached, please find:

- (1) Cover Memo provided to the County Administrator with the application
- (1) Complete application signed by the County Administrator
- (1) Supplemental copy of the application attachments

Please note that Attachment A, as it was printed and provided to the County Administrator, failed to reproduce the mark-up depicting the Sarasota County project area. This area is clearly shown relative to the entire Sarasota County-Charlotte County project in the supplemental copy.

The final resolution of support (draft attached as part of the application) is scheduled to be considered by the County Commission on September 13, 2022. A copy of the executed resolution will be provided by the October 5, 2022 deadline.

Thank you for your consideration. Please contact me with any questions or comments.

Respectfully:

Joseph J. Kraus
