Draft Inlet Project Assessment

Project Name	New Pass Inlet Management Plan
Local Sponsor	City of Sarasota

Initial Assessment	8/15/2022
Group Assessment	9/7/2022
Draft Assessment	
Final Review	

Project Description
New Pass is located between R-29 & R-30 between Longboat Key and Lido Key in Sarasota County. New Pass Inlet was dredged most recently in 2019, bypassing material to Lido Key. IMS was completed in 1993 but a plan for sediment bypassing has not been adopted. The primary focus of the proposed IMS will be to develop and updated sediment budget for New Pass. The project consists of Feasibility and Design. LS staff has determined that the project is eligible for a 75% state cost share. However, FDEP staff have determined the the project is eligible for a 50% state cost share.

Funds will be used for (list project phase, specify which phase is reimbursement, if applicable)
