

FY2025/2026 Local Government Funding Request

Final Inlet Project Assessment

Project Name	Wiggins Pass IMP Implementation
Local Sponsor	Collier County

Initial Assessment	8/23/2024
Group Assessment	8/27/2024
Draft Assessment	9/2/2024
Final Review	10/8/2024

Project Description The Wiggins Pass Inlet is located between DEP monuments R16 and R17 in Collier County. Collier County conducted periodic maintenance dredging between 1984 and 2000. The dredged sand was placed on beaches north and south of the inlet. Wiggins Pass has been dredged every two years since between 2003 and 2015. The Department adopted a new Wiggins Pass Inlet Management Plan in April 2018. Since then Wiggins Pass was dredged in 2018 and 2020. Due to storms in 2020 the inlet needed an emergency dredging to remove shoals. That dredging was completed between January 2022 and March 2022. The next dredging is to take place in 2025/2026. The requested funds are for permitting, construction, and monitoring. Staff have determined that the project is eligible for a 50% cost share.
--

Funds will be used for (list project phase, specify which phase is reimbursement, if applicable)
Permitting (current FY25/26 reimbursement), construction (current FY25/26 reimbursement) and monitoring (yearly, current FY25/26).
