PANHANDLE
ENGINEERING, INC

Based on the level of information available it is our professional opinion that the preliminary construction cost will be approximately \$216,257. This estimate includes plans, applicable permits, bidding, and construction activities.

Once you have had an opportunity to review this information, we are available to provide any clarification or additional information that might be required. Upon your authorization, we will prepare and submit an application to solicit funds from the BP Restore funds being delegated to the State of Florida and Bay County.
