C Project Description

Please provide more information about the proposed project. (Limit 2,500 characters.)

The City of Milton Riverwalk provides locals with a walking dock bordering the river to provide easy access to the city's attractions. It is the site of several special events, including the annual Riverfest Fourth of July Celebration and the Blackwater Festival where hundreds of boats congregate to enjoy on-shore events and form a flotilla to view the evening's fireworks. Expansion of the facility would enhance the city's attractions and provide substantial economic value to the local and state economies.

This proposal seeks funding to expand the Milton Riverwalk facility north approximately 2,500 feet to the Quinn St. Marina. The expansion will include construction of a 20' wide boardwalk with handrails and structural support columns. Construction and other work will be accomplished using Best Management Practices which meet or exceed local, state and federal environmental standards.
