B Project Information

Project Name City Marina Boat Ramp			
Location (e.g. John Smith National Wildlife Refuge) City of Panama City Marina			
State(s) (Use 2-letter abbreviations separated by commas) FL		County/Parish Bay	Watershed/Basin Intercoastal Waterway
Latitude (decimal degrees) 9.0909	Longitude (decimal degrees) 39.4892	Project Size (Choose one) miles acres tons acres	Affected Area acres

C Project Description

Please provide more information about the proposed project. (Limit 2,750 characters.)

The project is located at the City Marina in Panama City. The design phase has been completed for the Marina improvements and permitting is currently underway. There are several improvements planned for the Marina including a boat ramp with staging docks and a tee pier with lighting. These improvements will provide public benefits such as increased access to the water for fishing and site-seeing as well as increased tourism for the City of Panama City. In addition to the new boat ramp and new staging docks, the project will require permitting, geotechnical services, design, hydrographic surveying, and an environmental analysis.
