

CENTRAL PANHANDLE PRIORITY RESTORATION PROJECTS

St. Joseph Bay Priority Shoreline Acquisition

Partners:

FDEP/FCO/CAMA

Funding Required:

\$1,000,000

Location:

Gulf County; 29.8002° N,
85.3550° W

Project Timeline:***Project Objectives:***

This project would seek to acquire land adjacent to St. Joseph Bay Aquatic Preserve. Coastal wetlands that fronts one of the least affected coastal bay systems in Florida. St. Joseph Bay salt marshes and seagrass provide valuable habitat to fish and invertebrate species. Minimal restoration or enhancement anticipated given the high-quality of the natural communities present

Project Outcomes:
