

TAMPA BAY PRIORITY RESTORATION PROJECTS

Improvements to Wetlands along Bishop Harbor

Partners:

DRP

Funding Required:

\$1,000,000

Location:

Manatee County;
27.4799° N, 82.3452° W

Project Timeline:***Project Objectives:***

Replacing small culverts under Bishop Harbor Road with large box culverts or concrete span bridges will reduce tidal flushing restrictions, allow otters and other wildlife to pass under the road, and, if large enough, could allow paddling access.

Project Outcomes:
