Subject: Proposal for Bay reef projects

Dear Jay,

This letter is to provide some detail and options for what Reef Innovations will provide to SBEP for the Bay Reef projects this year.

RI will provide all materials and labor to produce a variety of habitat modules to be placed at 6 Bay reefs (3 in Sarasota, 3 in Manatee)as directed by SBEP. Below is a list of the modules and an idea of the number for each reef. These numbers can be changed per your discretion and if budget allows for additional material.

<u>Module type</u>	<u>Cost/unit</u>	<u># / reef</u>	<u>Total</u>
Deep Cover	\$300.00	2	\$600.00
Block	\$150.00	1	\$150.00
Lincoln Log w/cover	\$150.00	3	\$450.00
Bay Ball Layer Cake	\$125.00	2	\$250.00
Mini Bay Layer Cake	\$100.00	2	\$200.00
Bay Ball w/ cover ring	\$200.00	2	\$400.00
Juvenile Logs	\$15.00	10	\$150.00
Total per site		12 +logs	\$2,200.00
Total for 6 sites		72 +logs	\$13,200.00

(We have a new Reef Cube that may be done and can be added or substituted for Lincoln

Log or Block units at same price)

The deployment costs are \$2000 per day with an estimated 1 day per site. **Total \$12,000.00.** Shipping to 10th street ramp will be \$300.00 per day per site. Total \$1,800.00. Shipping to another location will be \$500.00 per day per site. Total of \$3,000.00

There will be a 15% royalty owed to Reef Ball Foundation of total project. Total estimate for all 6 reefs with material as listed and shipping to other than 10th street would be around \$28,200.00.

Thank you for your continued support of the marine environments in Sarasota and Manatee counties

Sincerely,

Larry D. Beggs
