- Feature 3

Potential Paddles and Pedals Park

Figure 3: The map shows the percentage of households with under 18 youth within Gulf Breeze, in relation to the distance of the Nature Park. The map shows the youth in the area make up 60% of the Gulf Breeze public recreational interest. Directly adjacent to the park only 7-23% residential units have youth under 18. Information was taken from the 2010 US Census Bureau.
