### **Attachment A**

#### **General Description**

(Submit **18** copies)

Attach a one to five-page description of the land proposed for acquisition. Include the following information:

1. A descriptive location of the project and the total amount of acreage (also include market/just value as totaled from tax cards) being proposed for inclusion.
  2. The general physical, natural resource, biological, hydrological, archaeological and historical characteristics of the project. Does the property contain any historic structures fifty years old or older? If so, please provide a brief description, photograph(s) and location. As part of the general physical description, please include description on any improvements and the current and/or past use of the improvements.
  3. Any potential recreational activities or other public uses that can be accommodated by the project.
  4. Any known threats or development plans that could harm or diminish the values of the project.
  5. Local resolutions, if any, concerning the potential public acquisition of the project.
  6. A brief clear statement detailing how the project meets criteria and furthers the goals and performance measures of the Florida Forever program on the attached Application Addendum (page 4 and 5).
  7. A clear statement of whether the project is proposed for fee simple acquisition or less-than-fee acquisition, and why. If a less-than-fee acquisition is proposed, include a brief description of the current use(s) of the property, and any known activities or property rights proposed to be acquired by the state and those proposed to be retained by the property owner.
  8. Suggested or proposed land manager.

### **Attachment C**

#### **Maps and Aerial Photographs**

(Submit **one original and 17 color copies**, except for number 2.)

All color maps provided should be legibly copied in black and white.

1. Clearly mark the boundaries of the proposal on United States Geological Survey (USGS) topographic quadrangle maps. USGS topographic quadrangle maps can be obtained from the Department of Environmental Protection's (DEP) Land Boundary Information System (LABINS), [www.LABINS.org](http://www.LABINS.org) (850/644-2305) or the U.S. Geological Survey, <http://topomaps.usgs.gov/> (1-888-275-8747). Some bookstores may also carry them.
  2. Clearly mark the boundaries of the proposal on one original and three legible copies of tax maps, overlain on aerials if available. If tax aerial overlays are not available, aerials or Digital Ortho Quarter Quads (DOQQ) and tax maps should be submitted separately. Tax plat maps and aerials are also available from each county's property appraiser's office. DOQQs are also available from: Florida Department of Transportation, Map and Publication Sales, 605 Suwannee Street, Tallahassee, Florida 32399-0450, (850/414-4050) or [www.LABINS.org](http://www.LABINS.org), (850/644-2305).
  3. Clearly mark the boundaries of the proposal on Florida Department of Transportation (FDOT) county general highway maps. For FDOT county maps, write: Florida Department of Transportation, Map and Publication Sales, 605 Suwannee Street, Tallahassee, Florida 32399-0450 (telephone 850/414-4050). Many bookstores sell FDOT maps.

**APPLICATION ADDENDUM**  
FLORIDA FOREVER GOALS, PERFORMANCE MEASURES, AND CRITERIA  
Section 259.105, (4), (9) and (10) Florida Statutes

---

**GOALS AND PERFORMANCE MEASURES – SECTION 259.105(4)**

**Goal A: Enhance The Coordination And Completion Of Land Acquisition Projects**

Measure A1: The number of acres acquired through the state's land acquisition programs that contribute to the enhancement of essential natural resources, ecosystem service parcels, and connecting linkage corridors as identified and developed by the best available scientific analysis;

Measure A2: The number of acres protected through the use of alternatives to fee simple acquisition; or

Measure A3: The number of shared acquisition projects among Florida Forever funding partners and partners with other funding sources, including local governments and the Federal Government.

**Goal B: Increase The Protection Of Florida's Biodiversity At The Species, Natural Community, And Landscape Levels**

Measure B1: The number of acres acquired of significant strategic habitat conservation areas;

Measure B2: The number of acres acquired of highest priority conservation areas for Florida's rarest species;

Measure B3: The number of acres acquired of significant landscapes, landscape linkages, and conservation corridors, giving priority to completing linkages;

Measure B4: The number of acres acquired of underrepresented native ecosystems;

Measure B5: The number of landscape-sized protection areas of at least 50,000 acres that exhibit a mosaic of predominantly intact or restorable natural communities established through new acquisition projects or augmentations to previous projects; or

Measure B6: The percentage increase in the number of occurrences of imperiled species on publicly managed conservation areas.

**Goal C: Protect, Restore, And Maintain The Quality And Natural Functions Of Land, Water And Wetland Systems Of The State**

Measure C1: The number of acres of publicly owned land identified as needing restoration, enhancement, and management, acres undergoing restoration or enhancement, acres with restoration activities completed, and acres managed to maintain such restored or enhanced conditions; the number of acres which represent actual or potential imperiled species habitat; the number of acres which are available pursuant to a management plan to restore, enhance, repopulate, and manage imperiled species habitat; and the number of acres of imperiled species habitat managed, restored, enhanced, repopulated, or acquired;

Measure C2: The percentage of water segments that fully meet, partially meet, or do not meet their designated uses as reported in the Department of Environmental Protection's State Water Quality Assessment 305(b) Report;

Measure C3: The percentage completion of targeted capital improvements in surface water improvement and management plans created under s. 373.453(2), regional or master stormwater management system plans, or other adopted restoration plans;

Measure C4: The number of acres acquired that protect natural floodplain functions;

Measure C5: The number of acres acquired that protect surface waters of the state;

Measure C6: The number of acres identified for acquisition to minimize damage from flooding and the percentage of those acres acquired;

Measure C7: The number of acres acquired that protect fragile coastal resources;

Measure C8: The number of acres of functional wetland systems protected;

Measure C9: The percentage of miles of critically eroding beaches contiguous with public lands that are restored or protected from further erosion;

Measure C10: The percentage of public lakes and rivers in which invasive, nonnative aquatic plants are under maintenance control; or

Measure C11: The number of acres of public conservation lands in which upland invasive, exotic plants are under maintenance control.

**Goal D: Ensure That Sufficient Quantities Of Water Are Available To Meet The Current And Future Needs Of Natural Systems And The Citizens Of The State**

Measure D1: The number of acres acquired which provide retention and storage of surface water in naturally occurring storage areas, such as lakes and wetlands, consistent with the maintenance of water resources or water supplies and consistent with district water supply plans;

Measure D2: The quantity of water made available through the water resource development component of a district water supply plan for which a water management district is responsible; or

**Measure D3:** The number of acres acquired of groundwater recharge areas critical to springs, sinks, aquifers, other natural systems, or water supply.

**Goal E: Increase Natural Resource-Based Public Recreation Or Educational Opportunities**

**Measure E1:** The number of acres acquired that are available for natural resource-based public recreation or education;

**Measure E2:** The miles of trails that are available for public recreation, giving priority to those that provide significant connections including those that will assist in completing the Florida National Scenic Trail; or

**Measure E3:** The number of new resource-based recreation facilities, by type, made available on public land.

**Goal F: Preserve Significant Archaeological Or Historic Sites**

**Measure F1:** The increase in the number of and percentage of historic and archaeological properties listed in the Florida Master Site File or National Register of Historic Places which are protected or preserved for public use; or

**Measure F2:** The increase in the number and percentage of historic and archaeological properties that are in state ownership.

**Goal G: Increase The Amount Of Forestland Available For Sustainable Management Of Natural Resources**

**Measure G1:** The number of acres acquired that are available for sustainable forest management;

**Measure G2:** The number of acres of state-owned forestland managed for economic return in accordance with current best management practices;

**Measure G3:** The number of acres of forestland acquired that will serve to maintain natural groundwater recharge functions; or

**Measure G4:** the percentage and number of acres identified for restoration actually restored by reforestation.

**Goal H: Increase The Amount Of Open Space Available In Urban Areas**

**Measure H1:** The percentage of local governments that participate in land acquisition programs and acquire open space in urban cores; or

**Measure H2:** The percentage and number of acres of purchases of open space within urban service areas.

**FLORIDA FOREVER CRITERIA - SECTION 259.105(9) AND (10), FLORIDA STATUTES**

(9)(a) The project meets multiple goals described in subsection (4).

(b) The project is part of an ongoing governmental effort to restore, protect, or develop land areas or water resources.

(c) The project enhances or facilitates management of properties already under public ownership.

(d) The project has significant archaeological or historic value.

(e) The project has funding sources that are identified and assured through at least the first 2 years of the project.

(f) The project contributes to the solution of water resource problems on a regional basis.

(g) The project has a significant portion of its land area in imminent danger of development, in imminent danger of losing its significant natural attributes or recreational open space, or in imminent danger of subdivision which would result in multiple ownership and make acquisition of the project costly or less likely to be accomplished.

(h) The project implements an element from a plan developed by an ecosystem management team.

(i) The project is one of the components of the Everglades restoration effort.

(j) The project may be purchased at 80 percent of appraised value.

(k) The project may be acquired, in whole or in part, using alternatives to fee simple, including but not limited to, tax incentives, mitigation funds, or other revenues; the purchase of development rights, hunting rights, agricultural or silvicultural rights, or mineral rights; or obtaining conservation easements or flowage easements.

(l) The project is a joint acquisition, either among public agencies, nonprofit organizations, or private entities, or by a public-private partnership.

10) The Acquisition and Restoration Council shall give increased priority to those projects for which matching funds are available and to project elements previously identified on an acquisition list pursuant to this section that can be acquired at 80 percent or less of appraised value. The council shall also give increased priority to those projects where the state's land conservation plans overlap with the military's need to protect lands, water, and habitat to ensure the sustainability of military missions including:

(a) Protecting habitat on nonmilitary land for any species found on military land that is designated as threatened or endangered, or is a candidate for such designation under the Endangered Species Act or any Florida statute;

(b) Protecting areas underlying low-level military air corridors or operating areas; and

(c) Protecting areas identified as clear zones, accident potential zones, and air installation compatible use buffer zones delineated by our military partners, and for which federal or other funding is available to assist with the project.

Attention: Paula L. Allen

Ms. Allen, I am proposing the State of Florida seek acquisition of two adjoining properties, 124 Rogers lane 33-10-26-0000-0010-0520 (17.96 acres) and GOVT LOT (2) 34-10-26-0000-0011 (29.88 acres). The properties are located approximately 7.5 miles southwest of the city center of Palatka, Florida. The 124 Rogers property is part of the Stokes Landing Subdivision, while GOVT LOT (2) is unassigned. The 124 Rogers lane property has room for parking and features one acre +/- that is not wetland. Forty-six acres +/- wetland, border the Marjorie Harris Carr Cross Florida Greenway State Park to the East. Both properties are in their natural state without any structures or improvements present.

The official property description of both properties are as follows:

124 Rogers Lane (17.96 acres): PT OF S1/2 OF S1/2 OF SE1/4, OF NE1/4 + PT OF N1/2 OF, NE1/4 OF SE1/4 OR452 P951, (STOKES LANDING)  
PUTNAM COUNTY 2017 REAL ESTATE Assessed Value \$4,430

UNASSIGNED LOCATION RE (29.88 acres): GOVT LOT 2 WEST OF RIVER, (EX BK130 P186)(MAP SHEET 34W)  
PUTNAM COUNTY 2017 REAL ESTATE Assessed Value \$7,500

The two properties total 47.84 acres and would make a great addition to the Marjorie Harris Carr Cross Florida Greenway State Park and allow access to the State Park from Rogers Lane and has room for a picnic area, parking and primitive camping.

There are no known threats, development plans, or local resolutions that would affect the acquisition of the project.

The acquisition of the two properties would further the goals and performance measures of the Florida Forever program by increasing the acreage of the Marjorie Harris Carr Cross Florida Greenway State Park and the wetland areas it protects. The acquisition of the properties would enhance and facilitate the management of the State Park system by the access and parking available from Rogers Lane. The natural forestry will serve to maintain natural groundwater recharge functions and protect surface waters of the state.

The project is proposed for fee simple acquisition. The sale of the property would be contingent on court approval. The sale of the property would be part of the Estate of Eddie E. Troxel which is currently in the probate process in Florida.
