Re: Purdom Generating Station PA 97-35

Dear Ms. Curtis:

The letter and attached drawing dated July 10, 1998, detailing the proposed gas main on the Sam O. Purdom Generating Station site is sufficient to amend the application for site certification. The construction of that line on site may proceed subject to the Conditions of Certification approved by the Siting Board. No modification of the Conditions is necessary for this gas main.

Sincerely,

Hamilton S. Oven, P.E.
Administrator, Siting
Coordination Office
