Re: Assessment of Pollution Control Equipment - Central Florida Pipeline Corp.

Dear Mr. Griffin:

I have reviewed the Return of Pollution Control Equipment for the Central Florida Pipeline Corp. provided by Mr. Britian Johnston, P.E., as attached to your letter of May 15, 1998. The listed equipment is eligible for assessment as a pollution control device pursuant to Section 193.621, Florida Statutes.

If I can be of any further assistance in this matter, please contact me at Suncom 277-0472 or (850) 487-0472.

Sincerely,

Hamilton S. Oven

SITING COORDINATION

Dear Mr. Oven:

Enclosed is a request submitted by Central Florida Pipeline Corp. They are requesting that this office value for property tax purposes the listed property as pollution control equipment.

Please make a determination as to the validity of this request in accordance with Florida Statutes. If you have any questions regarding this matter, please call me at (407) 847-1392. Your help will be appreciated.

Sincerely,

John Griffin, CFE

RE: Cathodic Protection Certification
CFPL 16 " Pipeline

Dear Mr. Griffith:

This letter is to certify that the 16 " fuel pipeline running from Tampa to Orlando and through Hillsborough, Polk, Osceola and Orange counties was built in 1996 with a cathodic protection system for safety and pollution prevention as required by the Pipeline Safety Regulations found in the 49 CFR 195.242 Cathodic Protection.

The cathodic protection system minimizes corrosion that may result in structural failure of the pipeline.

Please contact me at 813 241-1115 or Mr. David Coffee, Maintenance Supervisor, at 813 241-1103 if you have any questions about the construction and maintenance requirements of the system.

Sincerely,

CENTRAL FLORIDA PIPELINE CORPORATION
