Re: Cultural Resource Assessment Review Request
*Cultural Resource Assessment Survey of the Proposed TEC
Polk Power Station Siting Area, Polk County, Florida.*

Dear Mr. Fuhrmeister:

In accordance with this agency's responsibilities under Chapter 403, Florida Statutes, we have reviewed the information in the above referenced report, and find it to be complete and sufficient. We note that no previously unrecorded, historic or prehistoric sites were encountered during the survey.

Therefore, on the basis of the negative findings, it is the opinion of this agency that the proposed TEC Polk Power Station project is unlikely to affect any sites listed, or eligible for listing, in the National Register. The project may proceed without further involvement with this agency.

If you have any questions concerning our comments, please do not hesitate to contact us. Your interest in protecting Florida's archaeological and historic resources is appreciated.

Sincerely,

Suzanne P. Walker
for George W. Percy, Director
Division of Historical Resources
and
State Historic Preservation Officer
